Dear Mr. ~~Rone~~ ^{Ken}:

Thank you for your letter of April 30 and subsequent meeting to outline your efforts to dispose of the stockpiles of coal, slag and fly ash.

We appreciate your substantial efforts in this regard and hope you are successful in the next 90 days, as per our discussion.

If we can be of any assistance please contact me. Should you determine you are going to be unable to dispose of the stockpiles in an economically feasible manner we would welcome the opportunity to work with you on possible alternatives.

Again, thank you for your cooperation.

Sincerely,

Jim Shahan
Special Projects Administrator
